Atchison County reports second Covid death
(KAIR)--Atchison County is reporting its second Covid-19–related death.

The Atchison County Health Department, in a release posted on its Facebook page Tuesday, said the individual was a male in his 40's.

As of last Friday, there have been a total of 307 reported cases of Covid-19 in Atchison County since the pandemic began in March.

The department reminds residents to call your healthcare provider if you're experiencing any signs of COVID-19
