

One injured in I-29 wreck Sunday

(KLZA)-- For the second time in less than a week a wreck has occurred in Holt County involving a Missouri Department of Transportation snow plow.

Sunday afternoon just past 1:30 a wreck occurred on Interstate 29 when a car driven by 34-year-old Timothy Henzel of Bellevue, Nebraska passed a pickup driven by 46-year-old Tyson Gibbons of Tarkio, Missouri and in the process ran into the back of the MODOT snow plow operated by 32-year-old Brenten Hughes of Forest City who was plowing the southbound passing lane of I-29. The Henzel vehicle went skidding into the driving lane and was struck by the Gibbons pickup. Henzel was transported by the Atchison-Holt EMS to the Mosaic Care Hospital in St. Joseph with what were described as serious injuries. Henzel's car was totaled.

The other drivers were not injured . Hughes has been the driver of the snow plows that were hit from behind both times in the past week. The Holt County Sheriff's Office and Oregon Fire Department both responded to the wreck.
