Senator Marshall to hold Atchison town hall

(KAIR)--A public town hall is planned for Friday afternoon, in Atchison, with Republican U.S. Senator Roger Marshall to meet with local constituents.

According to a release from the Atchison Area Chamber of Commerce, Marshall will address federal legislative issues and take questions from the public.

Marshall, in the release, said he looks forward to the opportunity, and values being able to hear directly from Kansans so that he can take their stories and concerns with him when returning to Washington D.C.

Friday's public town hall is scheduled from 12 noon until 1:00 at the Atchison Events Center.
