Drainage project underway at Courthouse in Auburn

(KLZA)-- A drainage project is underway at the Nemaha County Courthouse in Auburn.

Work has started at the southeast corner of the building and will continue to the west and then north.

The handicap parking on the North side of the building will be closed due to the contractors equipment sitting there. Parking spaces are open at the end of the main sidewalk with accommodations being made to help those citizens that need it.

This will be a two-phase project with the east and north sides of the building being the second phase.
