

USD 430 requests ARPA funds from county

**(KNZA)--The Brown County Commission on Tuesday received an additional request for American Rescue Act Funds from the county.**

**South Brown County USD 430 Superintendent Jason Cline and district IT Director Andrew Jones meet with the commission to request \$110,000 in ARPA funds for the purchase of an emergency mass notification system for the district's schools.**

**Jones presented a demo of the system to the commission.**

**The system would be utilized in case of an active shooter or other emergency event.**

**Commissioners agreed to add the request to their list for consideration, which they will begin taking up at their October 17 meeting.**

**In other business, the commission approved the purchase of a used 2021 belly dump trailer from Kyle Jeske for \$33,500.**

**Commissioner Bill Pollock requested to purchase the trailer for the District 3 road and bridge department to replace the district's belly dump truck.**

**And following an executive session, the commission voted to offer the positions of landfill director, noxious weed director and District 2 road crewman to the three applicants for the positions.**
