Boil water advisory rescinded for Seneca

(KMZA)--The Kansas Department of Health and Environment has rescinded a boil water advisory for the city of Seneca.

The advisory was issued Wednesday due to a line break resulting in a loss of pressure in the city's water supply system. Failure to maintain adequate pressure may result in a loss of chlorine residuals and bacterial contamination.

KDHE said Friday that laboratory testing samples collected from the city of Seneca indicate no evidence of contamination and all other conditions that placed the system at risk of contamination are deemed to be resolved.
