

Pawnee City School Board approves expenditures

**(KLZA)-- The Pawnee City Board of Education has approved a bid from Diode Technologies in an amount of \$24,744 to upgrade the school districts access control system.**

**The project involves replacing the two existing intercom system, adding intercoms to two additional doors and adding keyless entry to six additional doors. The funds for the project will come out of the Depreciation Fund.**

**In other business during their Monday night meeting the Board accepted, with regret the resignation of teacher Kealyn Ensminger, effective at the end of the current school year.**

**The independent auditors report by Dana F. Cole & Company of Grand Island, for the fiscal year ending August 31, 2021 was accepted. There were no major errors identified in the report.**

**The Board was also informed the Educators Health Alliance Insurance rates for the 2023-24 school year will increase 6.87 percent, which equates to approximately a \$45 thousand increase in annual premium expenses for the 35 employees who receive health and dental insurance.**
