U.S. 73 bridge survey planned in Brown County

**(KNZA)--A Kansas Department of Transportation field survey will begin tomorrow, June 13, on the U.S. 73 bridge over Otter Creek located about 3 miles east of Horton.**

**KDOT says the survey is necessary to gather information for the detailed design of proposed improvements and is expected to be completed by July 3.**

**Joe Bowen, P.S., Survey Project Manager, KDOT, will be in charge of the survey.**

**A member of the survey crew first will contact property owners and/or tenants for permission to enter private property.**

**Survey activities will include the use of survey instruments on the ground to determine locations of existing features within the survey corridor.**
