Atchison Match Day raises thousands, called "huge success"
(KAIR)--Another successful day of matches.

That's the ruling following the completion of Friday's "All Aboard Atchison Match Day," with a release calling it "a huge success."

The event, overseen by the Atchison Area Community Foundation, and held at the Atchison Event Center, brought in thousands of dollars for participating non-profit agencies.

According to AACF, \$311,898.08 was raised through Friday's effort, equating to 776 gifts to 47 fund holders.

Qualifying contributions, made to participating agencies on Match Day, received a 60% match, with funds to be used for agencies' most crucial needs.
