

Semi driver injured in Marshall Co wreck

(KMZA)--A Wednesday morning Marshall County wreck sent a Topeka semi-truck driver to the hospital.

The Kansas Highway Patrol reports 51-year-old Jeffrey Davis was westbound on U.S. 36 Highway, west of 19th Terrace, when he lost control of his semi, which crossed the center line and entered the south ditch. The semi struck a post, struck a field access drive and then overturned.

Davis was transported to Community Memorial Healthcare, in Marysville, with suspected minor injuries.

The Patrol says he was not wearing a seatbelt when the wreck occurred shortly after 10:30 Wednesday morning.
