Potential threat reported to Rock Port High School

(KLZA)-- A potential threat was reported to the Rock Port, Missouri High School Office on Thursday.

The school administration and Atchison County, Missouri Sheriff's Department began an immediate investigation into the potential threat.

A release from the school administration to school families on Thursday said the investigation is ongoing, it was confirmed that there was no legitimate safety concern at the time.

Administrators assured students, staff, and families that safety of the school community is their top priority.
